Take a break from the protocols and attend a noon organ recital by Palo Alto, California organist Rodney Gehrke. Then join us later at 19:00 when our three organists demonstrate the many musical and engineering aspects of C.B. Fisk Organ Builders Opus 110, known to all as “Lucy.” Works by Bach, Dukas, de Grigny, Kondo, Mendelssohn, Sweelinck, and others. Admission is free and the events are open to the public. Doors open at 11:30 and 18:30 respectively.

From the IETF 94 venue: Exit Pacifico, turn LEFT and cross the bridge into the Queen’s Square shopping center. You will see a large picture of the concert hall on your RIGHT as you enter the shopping center. Make your way to the Ground Floor by going down two short flights of stairs to the Minato Mirai Gallery level, then make a U-turn and walk down another set of stairs to the Ground Floor. (You can also take the purple elevator to get downstairs). Enter the hall through the mall entrance.
